Re: Letter of Recommendation for Zohnnie Construction Industries, Inc.

We have found Zohnnie Construction Industries to be a quality firm in regards to the construction services and planning industry. We have deep seeded faith in ZCI's materials, workmanship and management skills. ZCI has completed every project, no matter how great or small, with promptness, diligence, and immense quality.

Our positive experience and excellent working relations enabled us to contract work to Miss Zohnnie and her firm on eight separate chapter projects. Contracts issued ranged from \$1,800 to \$50,000 and ZCI gave equal consideration to every project no matter how great or small. Project management skills, deadlines and budgetary goals were met to our satisfaction and agreement. We had no problems with subcontractors ZCI hired for specialty trades items. Zohnnie Construction screen all subcontractors thoroughly to insure proper licensing and insurance requirements. Listed below are all the projects that were successfully completed for the Nenahnezad Chapter:

Door Repair Job
Window Replacement & Security
Door Mesh Installation
Gas Regulators Upgrade
Security Bars Project
Fire and Security Alarm Project

Drywall/Electrical & Phone Line
Project
BHP Exercise Pathway
Nenahnezad Chapter Veterans
Park Phase 1

Zohnnie Construction's biggest asset has been their experience and attention to details in the area of workmanship, ability to communicate and their ability to meet timelines. Their high business ethics and practices have made us a repeat customer. Nenahnezad Chapter will continue to solicited work from this firm and holds no reservations in endorsing their company and their work!

Sincerely

Arthur Bavaro
Chapter Coordinator
